FOR IMMEDIATE RELEASE

USC COLLEGE DEMOCRATS ENDORSE LEE ROGERS FOR CONGRESS

The University of Southern California College Democrats is proud to endorse Lee Rogers for California's 25th Congressional District. Given his long career as a successful doctor and his past experience with a congressional run, Lee is exactly the candidate the 25th district needs. His devotion to middle class values and commitment to changing the culture in Washington set him apart from the others in the race and render him the clear choice.

Lee's list of endorsements, a bi-partisan coalition of community leaders, activists, small business owners, working families, and retirees, speaks volumes as to the kind of candidate he is. He is someone who will go to Washington and battle for his constituents, giving a voice to those who need it most.

Lee Rogers says America is at a crossroads and that we have a choice, to move forward or back. We couldn't agree more. Lee represents a step forward, both for the 25th district and for America. We encourage all Democrats to turn out on June 3rd to vote for Lee Rogers for United States Congress.
